## Health Guarantee/Contract

Here at Champion Poodles, we do our best to ensure the health of our adult dogs which in turn will whelp the healthiest puppies. We feed them high-quality food as well as give them an all-natural immune boosting supplement. We feel that the happiest adult dogs will produce excited young lovable healthy puppies! We love our dogs, play with them, spend time with them, and give them a clean safe environment to live in.

Although we feel that these things are most important in having a happy healthy puppy, we do realize that poodles are prone to certain genetic diseases. Our goal is to produce only the healthiest of puppies. Therefore, we have all our adult dogs tested for the breed recommended genetic diseases. According to "Animal Genetics" these are the four tests that need to be done on poodles: DM, NEwS, PRA-prcd, and vWD1. You can read more about these on our website [www.championpoodles.com](http://www.championpoodles.com) as well as their website [www.caninetesting.com](http://www.caninetesting.com). We do place a guarantee on all our poodle puppies to be clear of all four listed diseases. If during the first three years of your poodle's lifetime, from the date of birth listed below, you produce two sources of documented proof that your poodle does in fact have any of these four diseases, we will replace your poodle with another puppy of your choice. These documents must be by a licensed veterinarian or canine lab. In the event this happens, we do not require you to return your poodle. We do hope that you love your dog, and your dog loves you and the dog's wellbeing would be best to stay with you. However, if you decide that you no longer wish to keep the dog, we will be happy to take him/her back and find a happy home for them.

The buyer is recommended to have the puppy examined by a licensed veterinarian within 72 hours of the date of departure listed below. If the veterinarian finds any life altering issues with the dog, a full refund will be given to the buyer with the return of the puppy.

Champion Poodles does not offer any guarantees other than the ones specially listed above. Champion Poodles sells their puppies as pets only with limited registration. If you breed a dog from Champion Poodles this contract is null and void.
